## HEATING & AIR CONDITIONING, INC

Spring is right around the corner and now is the best time of the year to invest in a **Planned Maintenance Agreement** to cover your heating and cooling equipment. By purchasing now, you can receive a full year of benefits. These prices can only be guaranteed through April 11, 2025.

### Why do I need a Planned Maintenance Agreement?

- |                                          |                                          |
|------------------------------------------|------------------------------------------|
| ↳ Precision Tune-Up on Cooling Equipment | ↳ Precision Tune-Up on Heating Equipment |
| ↳ Reduced Heating and Cooling Costs      | ↳ Maximum Efficiency and Capacity        |
| ↳ Safer Equipment Operation              | ↳ Extend HVAC Equipment Life             |
| ↳ Prevent Many Major Costly Repairs      | ↳ Savings on Service Calls               |
| ↳ Priority Customer Service              | ↳ Retain Manufacturer Parts Warranty     |

### Carrier By-Pass Humidifier

Uses your furnace's blower motor to push humidified air into your ducts providing whole home humidification. Properly humidified air can make your home feel warmer reducing your winter energy bill; alleviate dry, itchy skin; minimize bacteria, mold, and dust mites; reduce static electricity; and help preserve woodwork and wood floor. Includes a 10 Years Parts Warranty.

### Carrier Fan Powered Humidifier

An independent unit with it's own fan adds moisture to the air in your ducts distributing humidified air throughout your home. Properly humidified air can make your home feel warmer reducing your winter energy bill; alleviate dry, itchy skin; minimize bacteria, mold, and dust mites; reduce static electricity; and help preserve woodwork and wood floor. Includes a 10 Years Parts Warranty.

### APCO Single UV Lamp

The original whole-house air purifier, APCO cleans the air by combining UVC light and activated carbon; two technologies proven to be most effective at fighting mold, bacteria, viruses and removing odors by reducing chemical vapors known as VOCs. Unlike many air purifiers, the APCO UV Lamp produces no ozone. Under normal operation it requires no maintenance. Includes a Lifetime Warranty on Unit and Two-Year Bulb.

### Surge Protector

Just like you protect your computer and television from electrical surges, you need to protect your furnace from electrical surges. Today's heating and cooling equipment is not just mechanical anymore, but in fact, rely on electronics more than ever. Includes a Three Years Parts and One Year Labor Warranty.
